

# BUILD YOUR OWN APP

MAKING AN APP IS EASY! START WITH THE STEPS BELOW:

## STEP 1 INITIAL SETUP

### PROVIDE YOUR LOGO

We need your logo to create the initial artwork for the app such as the Loading Screen.

### CREATE YOUR ACCOUNTS

You'll need to set up your Play Store & App store developer accounts.

### READY TO DOWNLOAD

We'll upload your app to the App Store & the Play Store, ready for everyone to download.

## STEP 2 EDIT YOUR APP

### USING THE ADMIN PANEL

You can edit your app at anytime online through our admin panel. All customizations & settings can be configured from here.

## STEP 3 STAY CONNECTED

### PUT IT ALL TOGETHER

- PUBLISH NEW CONTENT
- USERS GET PUSH NOTIFICATIONS

Once your app is set up, you can send different types of updates to users of your app through the admin panel. You can send new events, photos, surveys, news updates or whatever works best for you!
